

Safety Policy

We intent to achieve ZERO accidents,
ZERO injuries and ZERO losses

We will achieve this by:

- Including all involved personnel and
- Making sure they take the time needed to plan the work properly
- Ensuring that all personnel work safely
- Empowering everybody to stop unsafe processes, works and operations
- Ensuring that managers and supervisors actively engage with the workforce
- Ensuring that all personnel have the necessary training, competence, capability and understanding before performing the work.
